

液 压 马 达 应 用 信 息 表
Hydraulic Motor Specification Form

To ensure you can choose the most suitable hydraulic motor, please fulfill the following table and pass the copy back to our company. Use "*" to show the approximate data.

Integrated Information

In What Types of Machine Should It Be Used? _____
 Annual Consumption: _____
 Which Type of Motor Has Been Used? _____
 Maximum Working Hours of Motor: _____hours/day
 Every Time It Works _____ Minutes Continuous Running: YES ____ NO ____

Technical Performance

Hydraulic Pump

Flow: _____ (L/min)
 Displacement: _____ (L/rev)
 Rated Torque: _____ (N.M) Max Torque: _____ (N.M)
 Rated Rotated Speed: _____ (r/min) Max Rotated Speed: _____ (r/min)
 Rated Pressure: _____ (MPa) Max Pressure: _____ (MPa)
 Rated Power: _____ (KW) Max Power: _____ (KW)
 Output Form: _____ (Such as internal spline, external spline or other)

Hydraulic Liquid: Mineral Oil
 Water-Glycol Solution
 Oil-Water Emulsion
